

JOB POSTING – TRACK MAINTAINER

Jones Rail Industries Ltd. (JRI) is a dynamic rail repair company offering an array of services to industrial customers that rely on the railway to transport and receive their raw goods and/or finished products. Our team is skilled in track design, construction, maintenance, repair, re-railing, and other emergency services for railway industry customers. For more information, please visit our website: <https://www.jonesrail.com/>.

We are in the process of expanding our team and are looking to hire a Track Maintainer to add to our crew. This entry-level position is an opportunity to gain training on identifying safety concerns for different types of track and experience in the safe operation of tools and equipment used for the railway industry.
